PBM Licensing & PERMITTING SOLUTION

PruTech.com

PBM Licensing & PERMITTING SOLUTION

Transform regulatory oversight with digital licensing and automated compliance workflows

> Built on Salesforce Public Sector Solutions, our platform modernizes pharmacy benefit manager licensing and permitting. Organizations submit applications online, communicate with reviewers in real-time, and track status throughout the process. Agencies gain automated workflow routing, dual-level reviews with full audit trails, and seamless SSO integration. The system handles everything from initial applications through renewals, annual assessments, and profile updates—digitizing previously manual processes and accelerating approval timelines.

KEY CAPABILITIES

- Online application portal with document Mgmt.
- Automated two-level review workflows with routing
- Real-time communication between applicants and staff
- Integrated payment processing for fees
- SSO integration for secure agency access
- Annual assessment reporting and validation
- Profile management for year-round updates
- Digital license generation and delivery

WHY THIS MATTERS

- Eliminate paper-based workflows and manual data entry
- Accelerate application review and approval cycles
- Improve transparency throughout the process
- Reduce administrative burden on agency staff
- Ensure regulatory compliance with audit trails
- Provide 24/7 access for applicants and licensees
- Enable real-time status tracking and updates
- Automate notifications for actions and deadlines

Managing pharmacy benefit manager licensing with automated workflows and compliance reporting

Licensing & Permitting Agencies

Digitizing professional licensing across multiple industries with streamlined online portals

Key Features & MODULES

Online Application Portal

Submit applications online with guided workflows. Upload required documents, track submission status, and receive real-time notifications throughout the review process.

Dual-Level Review Workflow

Automated routing to Level 1 and Level 2 reviewers with assignment capabilities. Maintain review checklists, track decisions, and ensure consistent evaluation processes.

Real-Time Communication

Secure messaging between applicants & reviewers. Request additional information, provide clarifications, & maintain complete communication history with audit trails.

Document Management

Secure upload, storage, and review of application documents. Support multiple file types, version control, and controlled access for internal and external users.

Payment Processing

Integrated online payment processing for application and renewal fees. Support multiple payment methods and maintain transaction records for accounting and auditing.

SSO Integration

Seamless single sign-on integration with existing agency authentication systems. Support ADFS and other enterprise identity providers for secure internal access.

Annual Assessment Reporting

Automated generation of annual assessment requirements. Licensees submit required data through the portal with built-in validation and deadline management.

Profile & Information Management

Maintain licensee information with year-round update capabilities. Track changes to company structure, ownership, and key personnel with full version history.

Digital License Generation

Automatic generation of digital licenses upon approval. Provide PDF downloads, maintain license records, & track expiration dates for renewal notifications.

Dashboards & Reporting

Real-time dashboards showing application volumes, processing times, and approval rates. Generate compliance reports and track key performance metrics.

About PRUTECH

PruTech Solutions has been supporting organizations with technology solutions for over 27 years. We have collaborated with public and private sector entities to help them achieve their goals through innovative technology. Our experience with government agencies and service delivery organizations positions us to deliver dependable solutions that meet stringent operational requirements while improving efficiency and service quality.
